About this report

Source: HDB resale flat prices from data.gov.sg (Singapore Open Data Licence). HDB records the month a resale was registered, not the day; the daily and weekly reports list transactions on the day they were first published. Prices are before grants. The median is the middle price: half sold for more, half for less. $psf is the price divided by the floor area. Figures can change as HDB adds or corrects records. This report is information, not financial advice. You are welcome to share it.
